### Activity Report

Type of activity: Impact Lecture Series I (Lecture I)

1. Title of activity: "R & D in Pharmaceutical Formulations"

Name of the associating organization: All India Council of Technical Education (AICTE)  
and Ministry of Education's Innovation cell (MIC)

Date and time: 13<sup>th</sup> June 2022, 2 p.m.

Target Students: B. Pharm, M. Pharm final year students and faculty members.

About activity: The Impact Lecture Series is sponsored by All India Council of Technical Education (AICTE) and Ministry of Education's Innovation cell (MIC). The Objective of the impact lecture sessions is to support IIC institutions to generate awareness on innovation, IPR and start up in such institutions with funding assistance from MIC & AICTE. These sessions will not only streamline campus innovation and start-up ecosystem but also help in establishing strong connection with ecosystem enablers at regional and national level, and aware students and faculty members about innovation ecosystem in their surrounding and at national level. The target Group of the Webinar was Pharmacy graduate, post graduate and research scholars. Approximately 80 plus students and faculty members attended the webinar.

The Webinar was delivered (Live) on Zoom App by the following eminent resource person.

➤ **Mr. Irfan Ahmed Farqooui**

Scientific Project Manager,

Formulation & Development,

Inventia Health care Private Limited,

Thane.

Mob: 7738541100

He is having 17 years of experience in the formulation research and development. he is leading and guiding team of scientists for the past 10 years.

He is having expertise in formulation research and development and NDDS. He has worked as

- Research scientist (in Jubilant Life Sciences Limited),
- Research Associate Alkem Laboratories Ltd and
- Group Leader, Ipca Laboratories Limited.

The highlights of the webinar are as follows:

The Impact Lecture series session I lecture I on the Topic- R & D in Pharmaceutical Formulations, created awareness about various aspects of Innovations in solid oral drug delivery system such as pellets containing tablets its manufacturing techniques, recent advancements in manufacturing equipment.

The flyer for the webinar is shown below:

# Activity Report

**Title of Activity:** Hands on Training Programme on HPLC

1. **Date & venue :** 13/12/2022 & 14/12/2022 & Y. B. Chavan College of pharmacy, Aurangabad.

2. **Outcomes of the activity achieved:**

- Resource person Mr Kiran Navale conducted the two days hands on Training Programme on HPLC.
- Participants have gained knowledge about the basics of HPLC Instruments and other theoretical aspects.
- Teaching staff, PhD and M Pharm students handled the instrument independently.

3. **Description of activity:**

Department of Quality Assurance in Association with Spinco Biotech Pvt Ltd organized Hands on Training Programme for PG students, PhD Students and staff. Total 82 Participants were present. The first day started with very informative presentation by Mr Kiran Navale (Spinco) on basics of HPLC and method development. In second half resource person has given in-depth demonstration on Handling and Troubleshooting of HPLC.

On Second day of the training programme each participant has been given training on operation. Participant individually handled HPLC. Different aspect of Troubleshooting have also been explained by the Resource Person.

4. **Activity Experience:**

The participants experienced the significance of HPLC and method development. The principle and procedure were discussed amongst the participant. The programme aimed to impart the training to faculty and researchers about the HPLC handling and the same skill can be transfer to students. Overall the activity created interest in the student and staff through interaction with the resource person.

5. **Feedback**

Feedback was obtained from the participants; all the participants expressed their satisfaction for the activity. They were impressed with the arrangements and interactions with the resource person.

### Activity Report

Type of activity: Webinar/Seminar

Title of activity: IPR Awareness

Objective of activity (15 words):

1. To promote widespread awareness and understanding of the role that intellectual property plays in nurturing a creative and innovative culture.
2. To raise the level of IP awareness in colleges particularly among students and research scholars.

Name of the associating organization: IIC & Department of Pharmaceutics

Date and time: 20<sup>th</sup> April, 2023; 11:00 am onwards

Duration of the activity (minutes/Hours): 2 hours

Expenditure Amount if any: nil

Target Students: B.Pharm., M. Pharm., and research students

Program type: Webinar

Program Theme: IPR

Quarter: First

Mode of conduct: Online

Number of Student participants: 326

Number of faculty participants: 25

### About activity:

The webinar was conducted so as to create awareness among the students regarding Intellectual Property Rights. The platform for conduct of this activity was online. Dr. Amrish Chandra an authorized trainer for NIPAM (National Intellectual Property Awareness Mission) was the resource person for the event. In his brief talk on IPR awareness he inspired and educated the students to develop deeper understanding of the critical role that intellectual property plays in our society. He briefly explained on patents, trademarks, brand protection, copyrights and creative works. The speaker also highlighted on patent drafting and filing strategies. An overview of different patent search tools and databases, the different sections of a patent application and what they should include were also explained. Finally, the speaker emphasized on enforcing self rights and importance of IPR awareness to prevent infringement of one's intellectual creativity.
