At the scheduled day and time, this note will be read in front of everyone. And the one whose name was on the note would be given chocolates. You can also write some secret message on this note. Summary: The Annual Gathering Rangoli Competition held on March 6th, 2023, was a grand success. The theme of the event was Electoral Awareness, and it saw a participation of five groups of students who displayed their creativity and artistic skills.

The event was judged by Dr. Mirza Shahed Baig, Associate Professor at Y.B. Chavan College of Pharmacy, Aurangabad. As a judge, Dr. Baig had a tough job, as all the Rangolis were amazing in their own way, showcasing unique and thoughtful interpretations of the theme.

The participants used a variety of colors, patterns, and symbols to depict the importance of elections and the role that citizens play in the democratic process. Some designs highlighted the need for voter education and awareness, while others stressed the importance of free and fair elections. Each Rangoli was an ode to the principles of democracy and the power of citizens to bring about positive change in society.

Activity Report (2019-20)

- 1. Title of activity:** National Pharmacy week celebration 2020
2. Theme : "Pharmacists: your medication counsellor"
3. Date : 27/1/2020 to 01/02/2020

4. Description of activity: The Indian Pharmaceutical Association has been celebrating the National Pharmacy Week every year. The major focus of NPW celebrations is to create awareness amongst the public, other healthcare providers and the authorities about the NPW theme in specific and about the pharmacy profession and role of the pharmacist in general. Every year various inter-college competitions are held which are based on the theme. This year the theme was "Pharmacists: your medication counsellor"

As part of National Pharmacy Week celebrations students participated in various intercollegiate competitions organized by the local body of Indian Pharmaceutical Association. Competitions such as Power Point presentation, article writing, elocution, poster making, caption writing and street play were held. The activity experience was very encouraging. This year the first year students showed more participation and won various events. They displayed more confidence and enthusiasm as compared to their seniors. All the students got wider exposure as they got a chance to perform to outside audience in form of street play and final inter-college events held at various pharmacy colleges. Students were enthusiastic to perform before an unknown crowd and were elated to receive applause from them.
