INTERNAL ACADEMIC AND ADMINISTRATIVE AUDIT

The IQAC aims to institutionalize quality assurance through the implementation of strategic measures, coupled with systematic audits. These audits evaluate the performance of various sections and departments, quantified through CGPA assessments. The audit process encompasses multiple parameters including attendance records, faculty documentation, departmental exam results, research publications, patents, extracurricular activities, examination processes, and administrative documentation. The departments involved in this process include Pharmaceutics, Pharmaceutical Chemistry, Quality Assurance, Pharmacology and Pharmacognosy. Various committee undergoing the audits include Academic Planning and Monitoring Committee (APMC), Examination Planning and Monitoring Committee (EPMC), Information and Communication Technology (ICT) cell, Library, Industry-Institute Interaction Cell (IIC), Institution Innovation Council (IIC), Office section and the Store and Purchase Committee. The summarized audit findings for the academic year 2022-23 are presented in the table below.
