National Digital Library of India (NDLI)

Y. B. Chavan College of Pharmacy in Aurangabad has been proactively enrolling its students in the National Digital Library of India (NDLI), which has proven to be a valuable resource for students in accessing a vast range of library resources. The NDLI is an initiative of the Ministry of Education, Government of India, and provides free access to a wide range of digital resources, including books, journals, articles, and other educational materials.

The college has been providing guidance and support to students in enrolling for the NDLI, and helping them access its resources. Once enrolled, students can access the NDLI portal from anywhere, at any time, using their login credentials. The NDLI has a user-friendly interface, allowing students to search and browse the available resources easily.

The NDLI has a vast collection of resources related to pharmacy, including textbooks, reference materials, and research articles. The NDLI provides access to resources in various languages, making it easier for students who may not be proficient in English to access educational materials in their native language. The NDLI also has features such as user-generated content, online courses, and virtual labs, which provide a more immersive learning experience for students

National Digital Library of India Club (NDLI- Club)

Y. B. Chavan College of Pharmacy in Aurangabad has been actively participating in the National Digital Library of India Club (NDLI-Club), of which it is a member. The NDLI-Club is an initiative of the Ministry of Education, Government of India, and provides a platform for students and educational institutions to participate in various events and activities related to digital literacy.

The college has been adding every student as a member of the NDLI-Club, giving them access to a range of events and activities organized by the club. These events and activities are organized at the local and global level and cover a range of topics related to digital literacy, including information literacy, digital skills, and online safety.

The NDLI-Club also provides students with the opportunity to participate in various online courses, webinars, and competitions. These events and activities are designed to enhance students' digital literacy skills, enabling them to become more proficient in using digital tools and resources.

One of the benefits of participating in the events and activities organized by the NDLI-Club is that students can receive certificates for their participation.
