

Dr S R Lahoti

Sr No	Name of the Research Guide	Year of Recognition as a Research Guide	Name of the Scholar	Month and Year of registration of the scholar	Title of the thesis for scholar	Status Completed/ Working
1	Dr S.R.Lahoti	2014	Mr. Mukesh Kumar	June-2015	Development and Characterization of Liposomal Drug Delivery System	Completed
2	Dr S.R.Lahoti	2014	Mr. Piyush Chudiwal	June-2015	Statistical optimization of independent variables in drug delivery system	Completed
3	Dr S.R.Lahoti	2014	Mr. Avish Maru	June-2015	Studies on Sunflower wax for its uses in Pharmaceutical and Cosmetic products	Completed
4	Dr S.R.Lahoti	2014	Ms. Preeti Sable	June-2018	Dissolution Improvement of Poorly Water Soluble Drugs Using Different Techniques	Pursuing
5	Dr S.R.Lahoti	2014	Mr. Sachin Salampure	June-2018	Formulation and Optimization of Liposome Drug Delivery System	Pursuing
6	Dr S.R.Lahoti	2014	Ms. Sowmya Priyadarsini	June-2018	Formulation and Optimization of Solid Lipid Nanoparticle	Pursuing
7	Dr S.R.Lahoti	2014	Mr. Vinayak Kabra	June-2018	Formulation and development of multiparticulate nanoparticle Technology drug delivery systems for modified release oral solid Dosage form	Pursuing
8	Dr S.R.Lahoti	2014	Mr. Mahesh Bharati	October - 2021	Nanotech driven approaches for oral	Pursuing

					delivery of Curcumin in efficient management of Cancer	
9	Dr S.R.Lahoti	2014	Manisha Dnyanoba Chate	October - 2021	Enhancement of Solubility of poorly water soluble drugs by using Novel Techniques	Pursuing
10	Dr S.R.Lahoti	2014	Ms. Puja Choundhe	October - 2021	Solubility and bioavailability enhancement of poorly water soluble drug by advanced cocrySTALLIZATION techniques	Pursuing
