1. Introduction to Research

Introduction to Research

Course Abstract:

Large numbers of students are actively considering and taking up research and associated higher studies. This course aims to introduce students to the important aspects of research. The intent of the course is to make students aware of the details associated with formal research and to help students overcome common misconceptions that may be present in their minds. By going through this course, students are likely to be able to take up research activities in a more systematic and formal manner right from the beginning.

The course is being provided by the NPTEL, IIT Madras and it is AICTE approved FDP course. Faculty, students of undergraduate and post graduate can opt for this course, where after appearing for exam they are being provided with the certificate.
